*. Affixation

*. conversion

*. Compounding

*. clipping

*. onomatopoeia

*. Loan words

1)

Affixation :

Affixes are those used to form new words.

These affixes are added either before or after the base form. It includes prefix and suffix.

Prefix :

The fixes that are added before the base form are called as prefix.

Example : unhappy

Suffix :

The fixes that are added after the base form are called as suffix.

Example : improvement

2) conversion :

Conversion is the derivational process where by an item changes its word class without the addition of either a prefix or suffix.

Example :

He seemed average [adjective]

The average was eighty [noun]

3) compounds :

A compound word is a unit that consists of two or more words.
